

**Making
Learning
Visible
in
Our
School**

Making Learning Visible by....

Approaches you could take....

Your strategy?

Tools that could assist?

Supporting Learning in Groups in the Classroom

- form effective groups
- develop collaborative skills
- adopt group work based pedagogy
- develop learning opportunities requiring group work

Making Learning Visible Beyond the Classroom

- sharing stories of learning
- school wide exhibitions of learning and teaching
- making learning visible in the community

Supporting Learning in Groups in the Staffroom

- sharing learning with colleagues
- learning collaboratively
- professional inquiry and research to improve practice

Documenting Individual & Group Learning

- for reflecting on teacher effectiveness
- for student feedback and reflection
- for sharing with wider audiences

Engaging Families in Supporting Student Learning

- families supporting their children's learning
- communicate with families about learning
